# Authors response to the reviewers of the paper X-YY-NNNN “The title of the paper”

First of all we would like to thank the reviewers and the editors for their kind words and the useful comments.

---

## Associate Editor 1’s comments

### Comment #1:

Nice comments

**Our answer:** Nice reply:

- And also quote this text that mentions 1
- 

## Reviewer 1’s comments

### Comment #1:

A not-so-nice comment.

**Our answer:** A very polite reply that mentions Section 1, and in particular, Eq. (1) on page 1.

### Comment #2:

An easy fix would be ...

**Our answer:** We have updated Fig. 1. And quote from Section 2 on page 1

We can also cite a bunch of papers [1, 2, 3].

---

## Reviewer 2’s comments

### Comment #1:

Another useful suggestion.

**Our answer:** Mention that [1, 2] already do this. And point to Table 1. As mentioned by Reviewer 1 Comment #2. And a ref not in the main file [? ].

And a quote in a subfile from Section 3 on page 1:

Quotes in subfiles work! See [2] and 1.
